Al's Concrete cattle guards are heavily reinforced and precast in one piece to insure a lifetime of maintenance free operation. Both sizes support the heaviest machinery load and use a bottom flow through design for water flowage. Available in 12 and 16 foot lengths.

Convenient and Time Saving Eliminate Gate Handling and Maintenance

Al's Concrete cattle guards are your perfect answer to the time wasting process of opening and closing gates while providing security to your livestock. If you have to drive through your cattle yards to feed livestock, clean the lot or just to access adjoining fields you know the frustration of getting in and out of your transport to open and close gates. Cattle guards eliminate this process and **Al's Concrete** cattle guards are your answer to livestock security and convenience.

LENGTH	WIDTH	DEPTH	WEIGHT
12 ft	7 ft	1 ft	6750 lbs
16 ft	7 ft	1 ft	9000 lbs
